

The architectural site plan depicts a large stadium complex. A prominent feature is a vast, rectangular green area in the center, labeled "Publik" in a large, black, sans-serif font. This area is bordered by a network of paths and smaller green spaces. To the right of the central area, there is a long, narrow green strip containing several small, rectangular structures, possibly service buildings or restrooms. At the bottom of the plan, a curved path leads to a series of green terraces or seating areas. The entire plan is rendered in a minimalist style with black outlines and green shading for grassy areas.

This technical drawing illustrates a complex railway track layout. The central section features a switch and a signal box. The two long sections on either side consist of multiple tracks, switches, and signal boxes. The drawing is labeled with numbers 37 and 53, indicating specific track or section identifiers.
